The Winter Holiday Capsule

The Atelier is delighted to unveil its Winter Holiday Capsule, featuring its signature couture tailoring silhouettes reimaged in seasonal materials — rich Black Velvet, luminous Silk Cady in Rouge, textured Tweed, and Vintage Fur.

This season introduces a new heirloom detail: fox fur collars crafted from vintage fur coats sourced in Italy. Each piece has been meticulously unstitched and reimaged by hand into a detachable collar for the Atelier's signature Isabella Jacket, preserving the character and craftsmanship of the original while refining it through the Atelier's modern cut.

The detachable design allows the jacket to transition with ease from day to evening.

The capsule also carries forward its Silk Taffeta pieces from the Signature Collections, reaffirming the Atelier's commitment to building a wardrobe of enduring heirlooms — pieces conceived not for a single season, but for a lifetime.
